## Special meeting: Budget Discussion

Call to Order Time: 4:00pm

Quorum: Hay Hegland Becker Lough Corwin

### \* Discussion of Inflatable Day Budget- Jessica Becker

In 2019 the budget for Inflatable Day was \$1,400 and that was used again for the 2021/2022 budget. For 4 inflatables plus generators and gas it is now a little over \$1,600 + tax. There will be 4-5 classes per grade level, so the estimate for 4 inflatables would be the needed amount. Hayley motioned for an increase of \$300 to be transferred into the inflatable day line item in the budget. Heather Lough seconded the motion and all who attended agreed in favor. The motion was passed and the money will be transferred to increase the cost for this event.

### \* Discussion of Hospitality Budget- Jessica Witt

Jessica addressed the budget for hospitality. The current budget for the year is \$2,000. To cover the cost for everything that is planned for Teacher Appreciation Week and for the end of the school year, the hospitality committee would need roughly a \$220 increase. Hayley motioned for an increase of \$300 to be transferred into the hospitality line item in the budget. Stacey Corwin seconded the motion and all who attended agreed in favor. The motion was passed and the money will be transferred to increase the cost for this committee.
